WORK EXPERIENCE

Frontend Software Engineer Student
Scrimba Bootcamp
09/2022 - 03/2023   *Remote*

Achievements/Tasks
- Gained a deep understanding of HTML, CSS, and JavaScript, learned how to manipulate the DOM, submit HTTP requests, and integrate with APIs.
- Developed web applications using ReactJS to create highly interactive user interfaces and reusable UI elements, reduce development time, and improve the maintainability of the codebase.
- Actively used industry-standard tools and practices. This includes writing clean, maintainable code, proficiency in using Figma, and how to work collaboratively on a project.

Project Coordinator
Trusted Health
03/2021 - 11/2022   *San Francisco, CA (Remote)*

Achievements/Tasks
- Managed team tasks to ensure 99% compliance per Joint Commission standards for > 4,000 working nurses while completing crucial health documentation audits and solving billing blockers to realize Accounts Receivables.
- Led training for new Ongoing Compliance hires as the team scaled from 2 to 12 contractors.
- Collaborated with Product and Operations teams daily to prevent and resolve blockers.

Healthcare Consultant
Geist Consulting LLC
11/2020 - 04/2021   *Fishers, ID (Remote)*

Achievements/Tasks
- Managed 10 executive healthcare consultants for the marketing arm of a medical device start-up, grew the team by 67%, and onboarded new hires with the relevant training materials and guidance.
- Contributed to the founding team by revamping the training program, and performing weekly Region Team meetings to follow up on consultants' new prospects.
- Implemented streamlined communications systems to facilitate information exchange, reducing response times by 25%.

Venture Capital Legal Intern
Hunniwell Lake Ventures
09/2020 - 12/2020   *Palo Alto, CA (Remote)*

Achievements/Tasks
- Collected and analyzed data used to facilitate the firm's internal and external decision-making, resulting in successfully identifying regulatory risks mitigating strategies, and providing key stakeholders with valuable insights.
- Engaged in the due diligence process on target companies, legal research into specific points of law, and the firm's general understanding of the latest regulatory requirements.
